Stay Connected. Complements macro-oriented E Human security covers a broad range of issues and practices, but they all share three main analytic components: 1 person-centered, focusing on views of security as defined from the ground up rather than top-down; 2 multi-dimensional, requiring both an interdisciplinary approach and one that integrates all voices and perspectives; and 3 preventive, choosing to look at root causes and early indicators to be pro-active rather than reactive to threat.
